

Greta Grove

BRINGING LONGEVITY
TO SURFACE FINISHINGS

2026 Edition

Style Quality Innovation

At GretaGrove, we are driven by innovation, quality, and purposeful design. These principles underpin our commitment to supplying premium, trade-ready products that deliver contemporary styling with long-term durability.

Whether supporting residential developments or large-scale commercial projects, our solutions are built to provide reliable performance, refined aesthetics, and lasting value. Ensuring every installation meets professional standards and leaves a lasting impression.

Bringing Longevity To Surface Finishings

"We're committed to creating sustainable surface-finishing solutions that bring together style, strength, and real world practicality. Our focus is on designing innovative materials that elevate both residential and commercial spaces without compromising our responsibility to the environment. Quality and sustainability aren't just part of our process; they're the foundation of every product we deliver."

Jayesh Bawa

Introduction

GretaGrove is a leading distributor of contemporary and classical range of surface finishing products. We believe in delivering excellence through our extensive range of designs, products and services. Our goal is to curate a collection that embodies quality and sophistication; this can be seen through the captivating & durable indoor and outdoor ranges we offer. Thinking of redesigning? GretaGrove's surface finishing products transform spaces into a personal well-being haven. Choose from our large variety of bathroom panels, cladding, feature walls, composite flooring, tiles, accessories and an array of outdoor products.

Our Vision

To deliver our customers with the highest quality of service. Our vision is to be the UK's most innovative brand of surface finishing products and to be able to deliver the 'WOW' factor through our products and services.

Our Journey

Our journey is fuelled by a passion for elevating spaces, enriching experiences, and building lasting relationships. Rooted in our dedication to excellence, GretaGrove invites you to embark on a journey where quality meets distinction.

Join us as we redefine spaces, one surface at a time, and set the benchmark for unparalleled craftsmanship and service of surface finishing.

CLADDING TILE COLLECTION

Introducing the Tile Collection, where innovative cladding meets the timeless appeal of tiles. Designed to replicate the sleek look of tiles with the practicality of cladding, this range offers a durable and stylish solution for modern interiors and exteriors. Perfect for those seeking elegance and functionality in one seamless package.

DURABLE

Built to withstand daily use while maintaining its premium finish year after year.

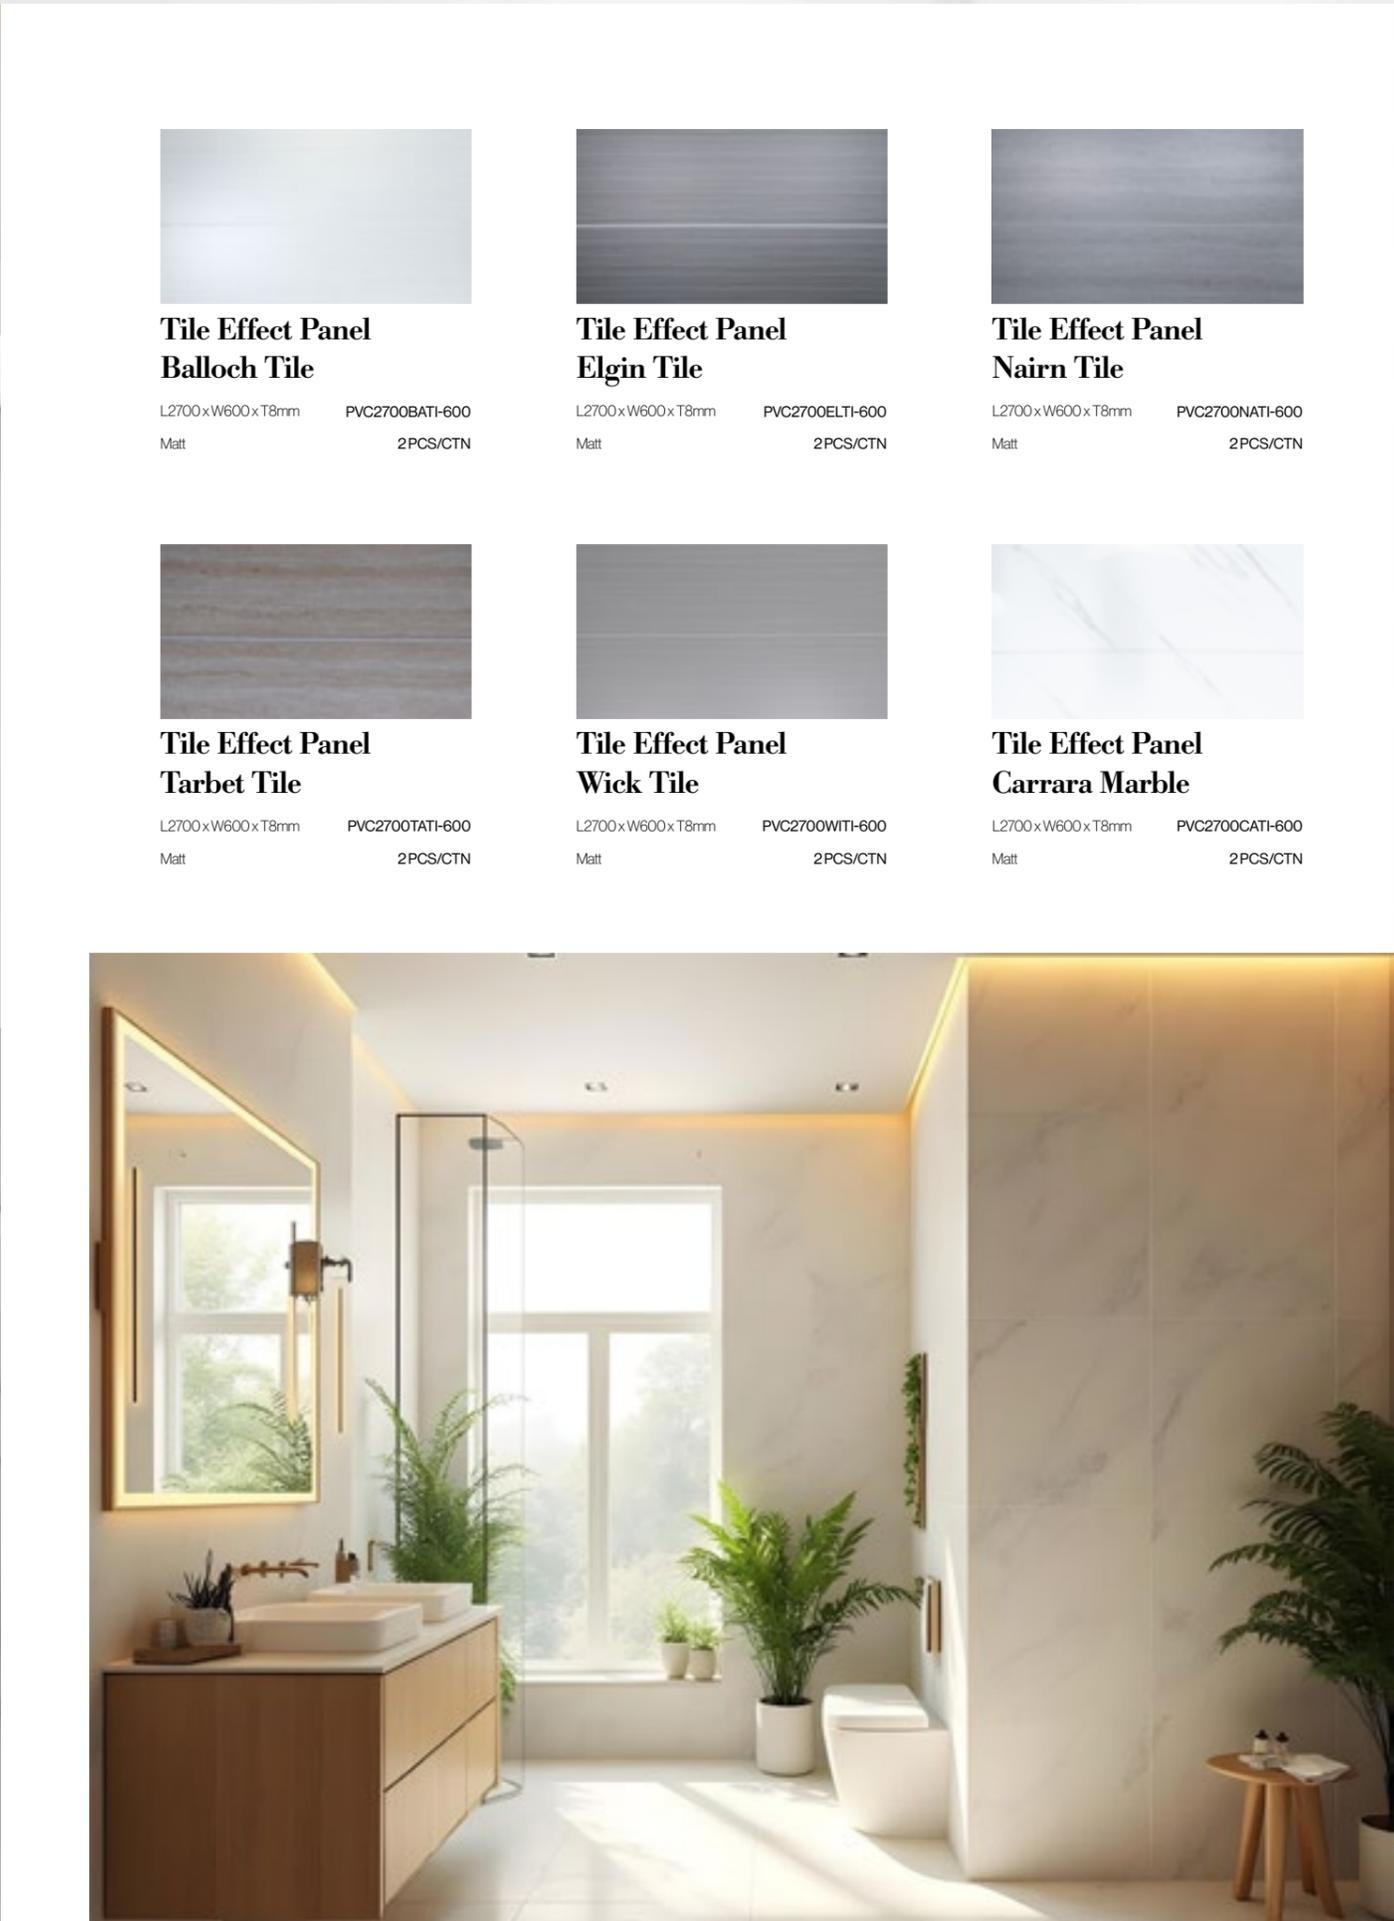

VISUAL IMPACT

Elevate interiors with clean lines and refined surface detail. Adds character and sophistication to any space.

LOW MAINTENANCE

Easy to clean and maintain, keeping interiors looking fresh with minimal effort. Ideal for busy environments.

WALL PANELS

Our Wall Panels offer a stylish, durable solution for transforming bathrooms. With a variety of finishes, they are easy to install and maintain, adding elegance to any space. Ideal for both residential and commercial projects, they bring a sleek, modern touch to any environment.

LUXURY STONE AESTHETIC

Premium marble, onyx, and concrete designs that elevate any interior. Delivers a high-end look without the cost or weight of real stone.

GLOSS & MATT OPTIONS

Available in both high-gloss and soft-matt finishes to suit any style. Perfect for creating modern, classic, or minimalist spaces.

SEAMLESS JOINT DESIGN

Large-format panels offer a smooth, continuous appearance. Fewer joints mean a cleaner, more polished overall finish.

UV PANELS

At GretaGrove, we pride ourselves on offering an impressive array of indoor product ranges tailored to meet varied aesthetic preferences and functional needs. Our UV Panels provide both durability and style for interior spaces while adding a touch of contemporary design.

ULTRA-THIN 3MM DESIGN

Slim, modern construction that reduces bulk without sacrificing strength. Perfect for projects where space, weight, or precision matters.

LIGHTWEIGHT & EASY TO HANDLE

Significantly lighter than standard panels for effortless installation. Ideal for single-person fitting and high-volume commercial jobs.

FLEXIBLE & ADAPTABLE

Slight flexibility allows easier fitting around uneven surfaces or tight areas. Enhances versatility during installation without compromising durability.

Vellura

A brand by GretaGrove

Vellura is a refined panel collection crafted from sustainable bamboo and engineered to be fully waterproof. Combining natural strength with modern innovation, Vellura offers an eco-friendly solution that doesn't compromise on durability or style. Its bamboo core provides a unique balance of resilience and elegance, making it the perfect choice for interiors that demand both performance and a touch of natural sophistication.

100% WATERPROOF

Built to resist moisture and humidity, Vellura panels stay strong and flawless in any wet area.

BAMBOO BASED INNOVATION

Crafted from the same resilient, eco-friendly material as bamboo for natural strength and sustainability.

MODERN AESTHETIC

Adds a sleek, contemporary look to outdoor spaces with clean lines and stylish finishes.

PU STONE

Introducing our PU Stone Panels, a revolutionary blend of lightweight durability and stunning stone aesthetics. Crafted from premium polyurethane, these panels replicate the natural beauty of stone with exceptional precision, offering a practical and cost-effective alternative to traditional materials. Perfect for creating textured, modern, or rustic designs, they are easy to install, versatile, and built to last. Transform your interiors and exteriors with the elegance and charm of stone, minus the weight and hassle.

NATURAL STONE APPEARANCE

Realistic textures and colour variations mimic the look of genuine stone slabs. Delivers a premium, high-end finish without the cost or weight of real stone.

ULTRA-LIGHTWEIGHT DESIGN

Constructed from durable PU foam for effortless lifting and handling. Ideal for fast installation and projects where weight is a concern.

STRONG & IMPACT-RESISTANT

Engineered to withstand daily wear while maintaining visual integrity. Durable surface structure ensures long-lasting performance indoors.

REDEFINE YOUR FOUNDATION

Experience the perfect blend of durability, design, and practicality with SPC Flooring — a next-generation surface solution built for modern living. Crafted from Stone Polymer Composite, each board offers superior strength, water resistance, and dimensional stability, making it ideal for both residential and commercial environments. Available in a choice of stylish tile, classic wooden plank, and elegant herringbone finishes, SPC Flooring delivers timeless beauty with the resilience to withstand everyday wear. The rigid core structure ensures a solid underfoot feel, while integrated underlay options provide added comfort and sound insulation. Easy to install and effortless to maintain, it's flooring designed to perform and impress — from the ground up.

SPC FLOORING

REALISTIC WOOD TEXTURE

Embossed grain pattern replicates the warmth and detail of natural timber. Delivers an authentic, premium look suitable for any interior.

DURABLE & HARD WEARING

High-density SPC core offers excellent resistance to wear and impact. Ideal for busy commercial and residential environments.

EASY CLICK INSTALLATION

Simple locking system allows quick, clean, and tool-light fitting. Speeds up project time lines and reduces installation cost.

aluvo

A Brand by GretaGrove

Aluvo is a premium panel brand designed with one clear advantage: complete waterproof protection. Built for durability and style, Aluvo panels combine practical performance with modern design, making them ideal for spaces where moisture resistance is essential. Whether used in bathrooms, kitchens, or commercial interiors, Aluvo delivers a sleek finish that's easy to install, simple to maintain, and guaranteed to withstand everyday challenges.

100% WATERPROOF

Built to resist moisture and humidity. Vellura panels stay strong and flawless in any wet area.

DURABLE

Built to withstand daily use while maintaining its premium finish year after year.

SEAMLESS DESIGN

Interlocking edges create a smooth, continuous finish with minimal visible joints.

ELEVATING YOUR OUTDOOR SPACE

GretaGrove's product ranges, including Slat Walls, Outdoor Decking, Outdoor Cladding, and Outdoor Tiles, offer a plethora of advantages that make them a stand out choice for outdoor spaces. The utilisation of Slat Walls not only ensures a sustainable and eco-friendly alternative to traditional timber but also guarantees durability and resistance to environmental elements. The Outdoor Decking provides a versatile and aesthetically pleasing solution for creating stylish and long-lasting outdoor flooring. GretaGrove's Outdoor Cladding not only enhances the visual appeal of exteriors but also acts as a protective barrier, adding insulation and weather resistance.

Additionally, the Outdoor Tiles combine functionality with class, offering a resilient surface for various outdoor applications. Overall, GretaGrove's commitment to quality, sustainability, and innovative design makes their outdoor product ranges a preferred choice for those seeking durable, cost-effective, and visually appealing outdoor solutions.

GretaGrove's product ranges, including Slat Walls, Outdoor Decking, Outdoor Cladding, and Outdoor Tiles, offer a plethora of advantages that make them a stand out choice for outdoor spaces. The utilisation of Slat Walls not only ensures a sustainable and eco-friendly alternative to traditional timber but also guarantees durability and resistance to environmental elements. The Outdoor Decking provides a versatile and aesthetically pleasing solution for creating stylish and long-lasting outdoor flooring. GretaGrove's Outdoor Cladding not only enhances the visual appeal of exteriors but also acts as a protective barrier, adding insulation and weather resistance.

Additionally, the Outdoor Tiles combine functionality with class, offering a resilient surface for various outdoor applications. Overall, GretaGrove's commitment to quality, sustainability, and innovative design makes their outdoor product ranges a preferred choice for those seeking durable, cost-effective, and visually appealing outdoor solutions.

DURABILITY & LONGEVITY

Resists rot, warping, and splintering. Withstands harsh weather, heavy foot traffic, and UV exposure.

MOISTURE RESISTANT

Grooved or textured surface enhances grip, perfect for wet areas like pool decks.

AESTHETIC APPEAL

Offers premium colours, finishes, and wood-like textures without imperfections.

LOW MAINTENANCE

No staining, sealing, or painting needed.

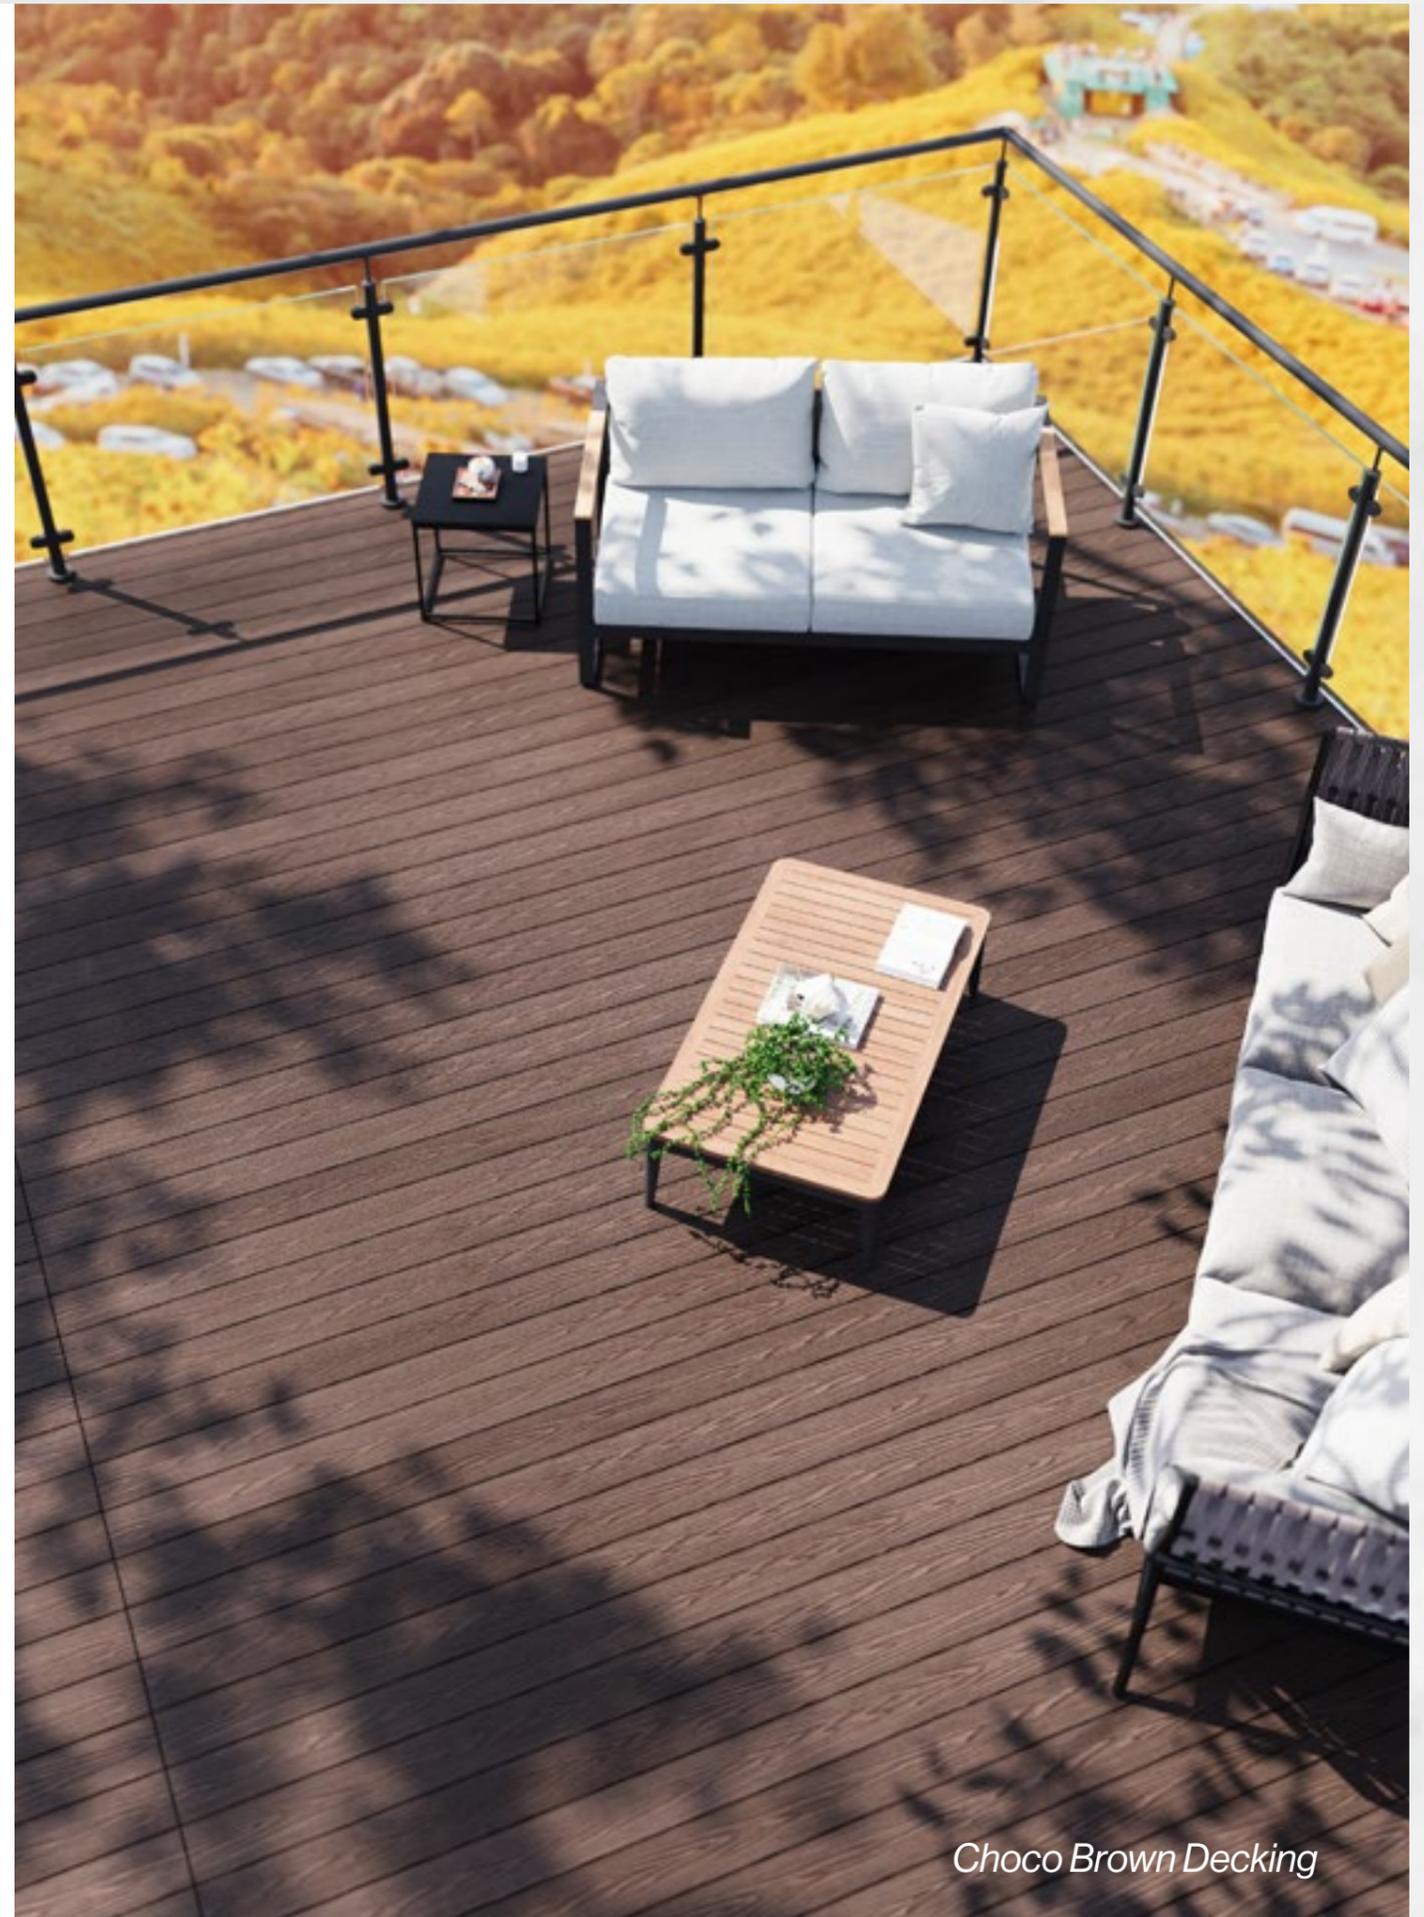

ECO - FRIENDLY

Made from recycled wood and plastic, reducing waste and deforestation.

PEST & MOULD RESISTANT

Won't attract termites or fungi, keeping outdoor spaces clean and durable.

CO EXTRUSION DUAL DECKING

Elevate your outdoor spaces with Co Extrusion Dual Decking. The ultimate blend of innovation, style, and strength. Engineered using advanced co-extrusion technology, each board is capped with a high-performance protective layer that guards against fading, staining, and scratching. This tough outer shell preserves the board's rich colour and texture, even under constant exposure to the elements, ensuring a pristine finish season after season. Beneath the surface, the solid composite core delivers outstanding structural integrity, combining the natural warmth of wood with the durability of modern materials.

The unique dual-sided design offers one distinct finish and two colours within a single board, allowing full creative freedom when designing outdoor decking layouts. Whether you prefer a natural colour or contemporary grey look, Dual Decking Co-Extrusion adapts effortlessly to any style or setting. Slip-resistant, low-maintenance, and environmentally responsible, it's a premium solution built for long-term performance and visual impact — ideal for residential gardens, terraces, and commercial outdoor environments alike.

DURABILITY & LONGEVITY

Resists rot, warping, and splintering. Withstands harsh weather, heavy foot traffic, and UV exposure.

DOUBLE SIDED DECKING

Dual-sided decking offering two stunning finishes in one durable, low-maintenance, fade-resistant board.

AESTHETIC APPEAL

Offers premium colours, finishes, and wood-like textures without imperfections.

LOW MAINTENANCE

No staining, sealing, or painting needed.

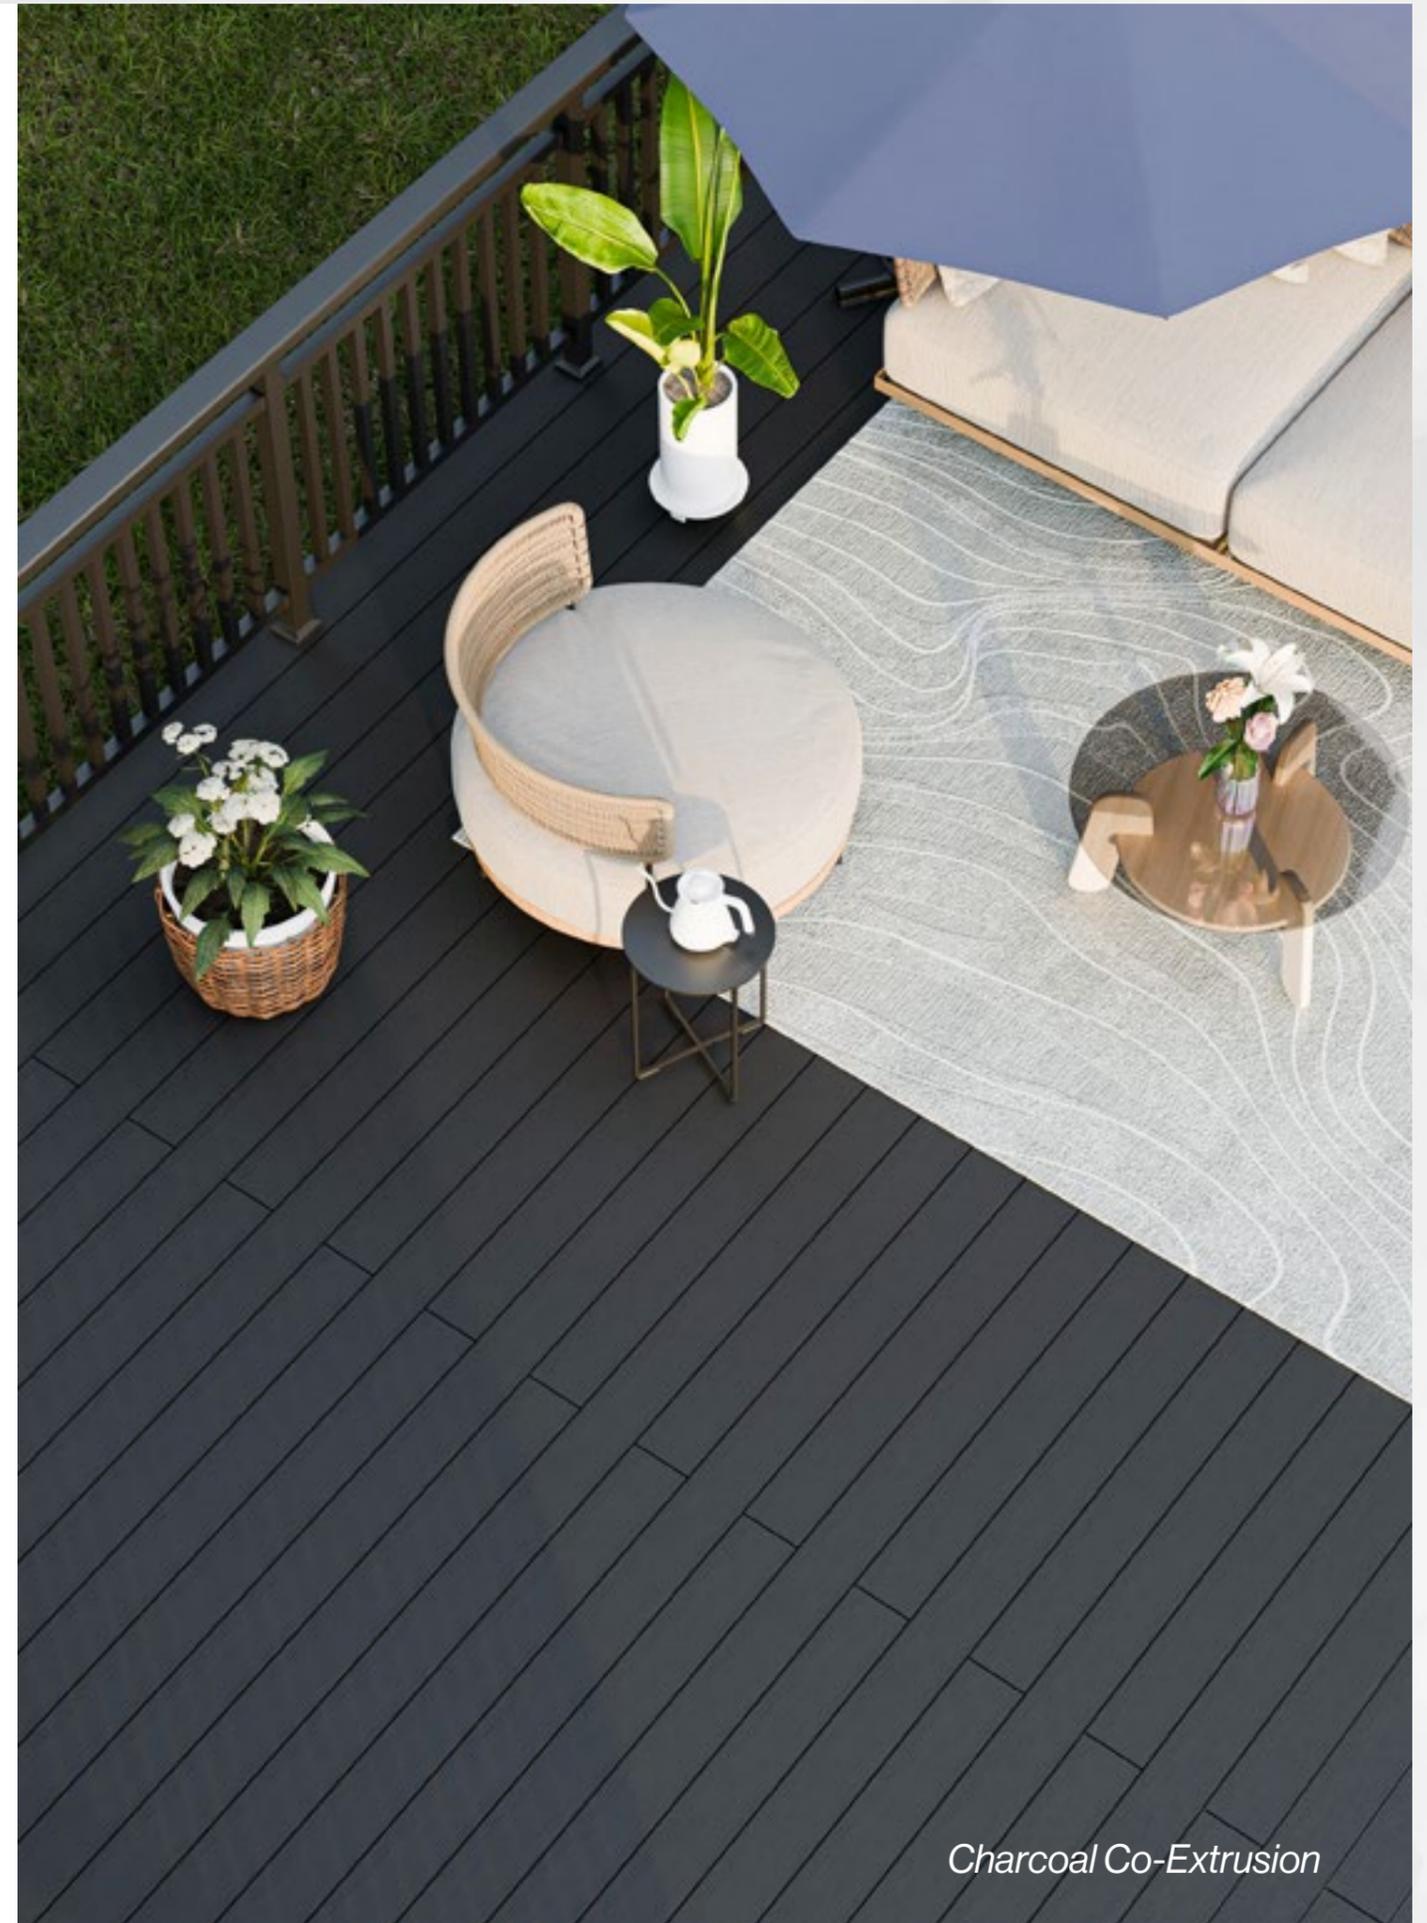

SLIP RESISTANT

Engineered with textured grip technology for safe, secure footing — rain or shine, year-round.

PEST & MOULD RESISTANT

Won't attract termites or fungi, keeping outdoor spaces clean and durable.

COMPOSITE CLADDING

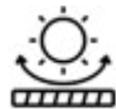

Transform exterior spaces with Outdoor Composite Cladding. A modern, durable alternative to traditional timber that delivers long-lasting performance with minimal maintenance. Crafted from a blend of recycled wood fibres and high-quality polymers, each board is designed to resist fading, cracking, and warping, even in harsh weather conditions. The protective outer layer ensures lasting colour vibrancy, while the lightweight yet sturdy construction allows for quick and efficient installation across a variety of building types. Perfect for both new builds and renovations, it adds instant curb appeal with a sleek, contemporary finish that stands the test of time.

Beyond its strength and durability, Outdoor Composite Cladding is engineered for both function and form. Its realistic woodgrain texture and range of natural tones bring warmth and depth to any façade, while its low-maintenance surface eliminates the need for regular painting or sealing. Resistant to moisture, insects, and UV exposure, this cladding offers a sustainable, cost-effective solution for architects, builders, and homeowners seeking quality and style in equal measure. Designed to perform beautifully year after year, it's the smart choice for modern exteriors.

DURABILITY & LONGEVITY

Made from robust materials for long-lasting performance in all weather.

WEATHER PROTECTION

Shields buildings from rain, wind, and UV rays, preventing damage and extending lifespan.

AESTHETIC APPEAL

Offers premium colours, and wood-like textures without imperfections.

LOW MAINTENANCE

Resists rot, fading, and Warping with minimal upkeep.

ECO - FRIENDLY

Uses sustainable or recycled materials, reducing environmental impact.

ENHANCED INSULATION

Improves thermal and sound insulation, reducing energy costs.

SLAT WALL

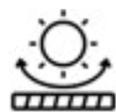

Redefine interior and exterior design with our Slat Wall — a contemporary wall system that blends architectural style with long-lasting performance. Each slat panel is precision-engineered from a durable composite blend, offering the elegant texture of natural wood with the added benefits of weather, moisture, and UV resistance. Whether installed in living rooms, offices, showrooms, or outdoor areas, these panels bring instant warmth and sophistication to any space. Easy to install and effortless to maintain, Slat Wall delivers a flawless finish that stands up to both time and trend.

Crafted for versatility, the collection is available in a range of rich tones and modern finishes — including striking black-backed designs that create bold depth and contrast. Perfect for feature walls, ceilings, or creative commercial applications, it combines acoustic comfort with aesthetic appeal, enhancing the ambience of any environment. Designed for architects, designers, and builders who value both form and function, Slat Wall represents a perfect harmony between natural beauty and advanced material innovation.

DURABILITY & LONGEVITY

Made from resilient composite materials, our outdoor slat walls are built to withstand the elements and stay strong for years.

WEATHER RESISTANCE

Engineered to endure sun, rain, and changing temperatures, our slat walls maintain their colour and stability in all conditions.

MODERN AESTHETIC

With sleek, contemporary lines and a refined finish, our outdoor slat walls bring a modern architectural look to any space.

LOW MAINTENANCE

Designed to stay looking great with minimal upkeep, our composite slat walls need only an occasional clean to maintain their finish.

VERSATILE APPLICATION

Suitable for gardens, seating areas, patios, and commercial outdoor spaces, our slat walls adapt effortlessly to a wide range of design needs.

EASY, FAST INSTALLATION

Lightweight and simple to fix, our slat walls install quickly for a smooth, hassle-free transformation.

COMPOSITE FENCING

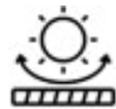

Enhance outdoor boundaries with Composite Fencing. A durable, low-maintenance alternative to traditional timber that combines lasting strength with timeless style. Each board is made from a high-quality composite blend of recycled wood fibres and polymers, creating a structure that resists warping, cracking, and fading even in the toughest weather conditions. Designed to maintain its rich colour and smooth finish year after year, it offers a premium fencing solution ideal for gardens, commercial spaces, and shared outdoor environments. The result is a sleek, contemporary look that performs beautifully without the need for regular painting or treatment.

Built for versatility and durability, Composite Fencing provides privacy, security, and visual appeal in equal measure. Its modular design ensures quick and efficient installation, while the interlocking boards deliver a seamless and sturdy finish. Available in a range of modern colours and realistic wood grain textures, this fencing complements both traditional and modern landscapes. Resistant to moisture, insects, and UV exposure, it's the smart, sustainable choice for anyone seeking a fencing solution that endures — strong, stylish, and built to last.

DURABILITY & LONGEVITY

Engineered to resist warping, rotting, and weather damage, our composite fencing delivers long-lasting strength for years to come.

WEATHER RESISTANCE

Built to withstand sun, rain, and temperature changes, our composite fencing maintains its colour and stability in all weather conditions.

MODERN AESTHETIC

Designed with clean lines and a contemporary finish, our composite fencing brings a sleek, modern look to any outdoor space.

LOW MAINTENANCE

With no need for painting, staining, or special treatments, our composite fencing stays looking great with only a simple occasional clean.

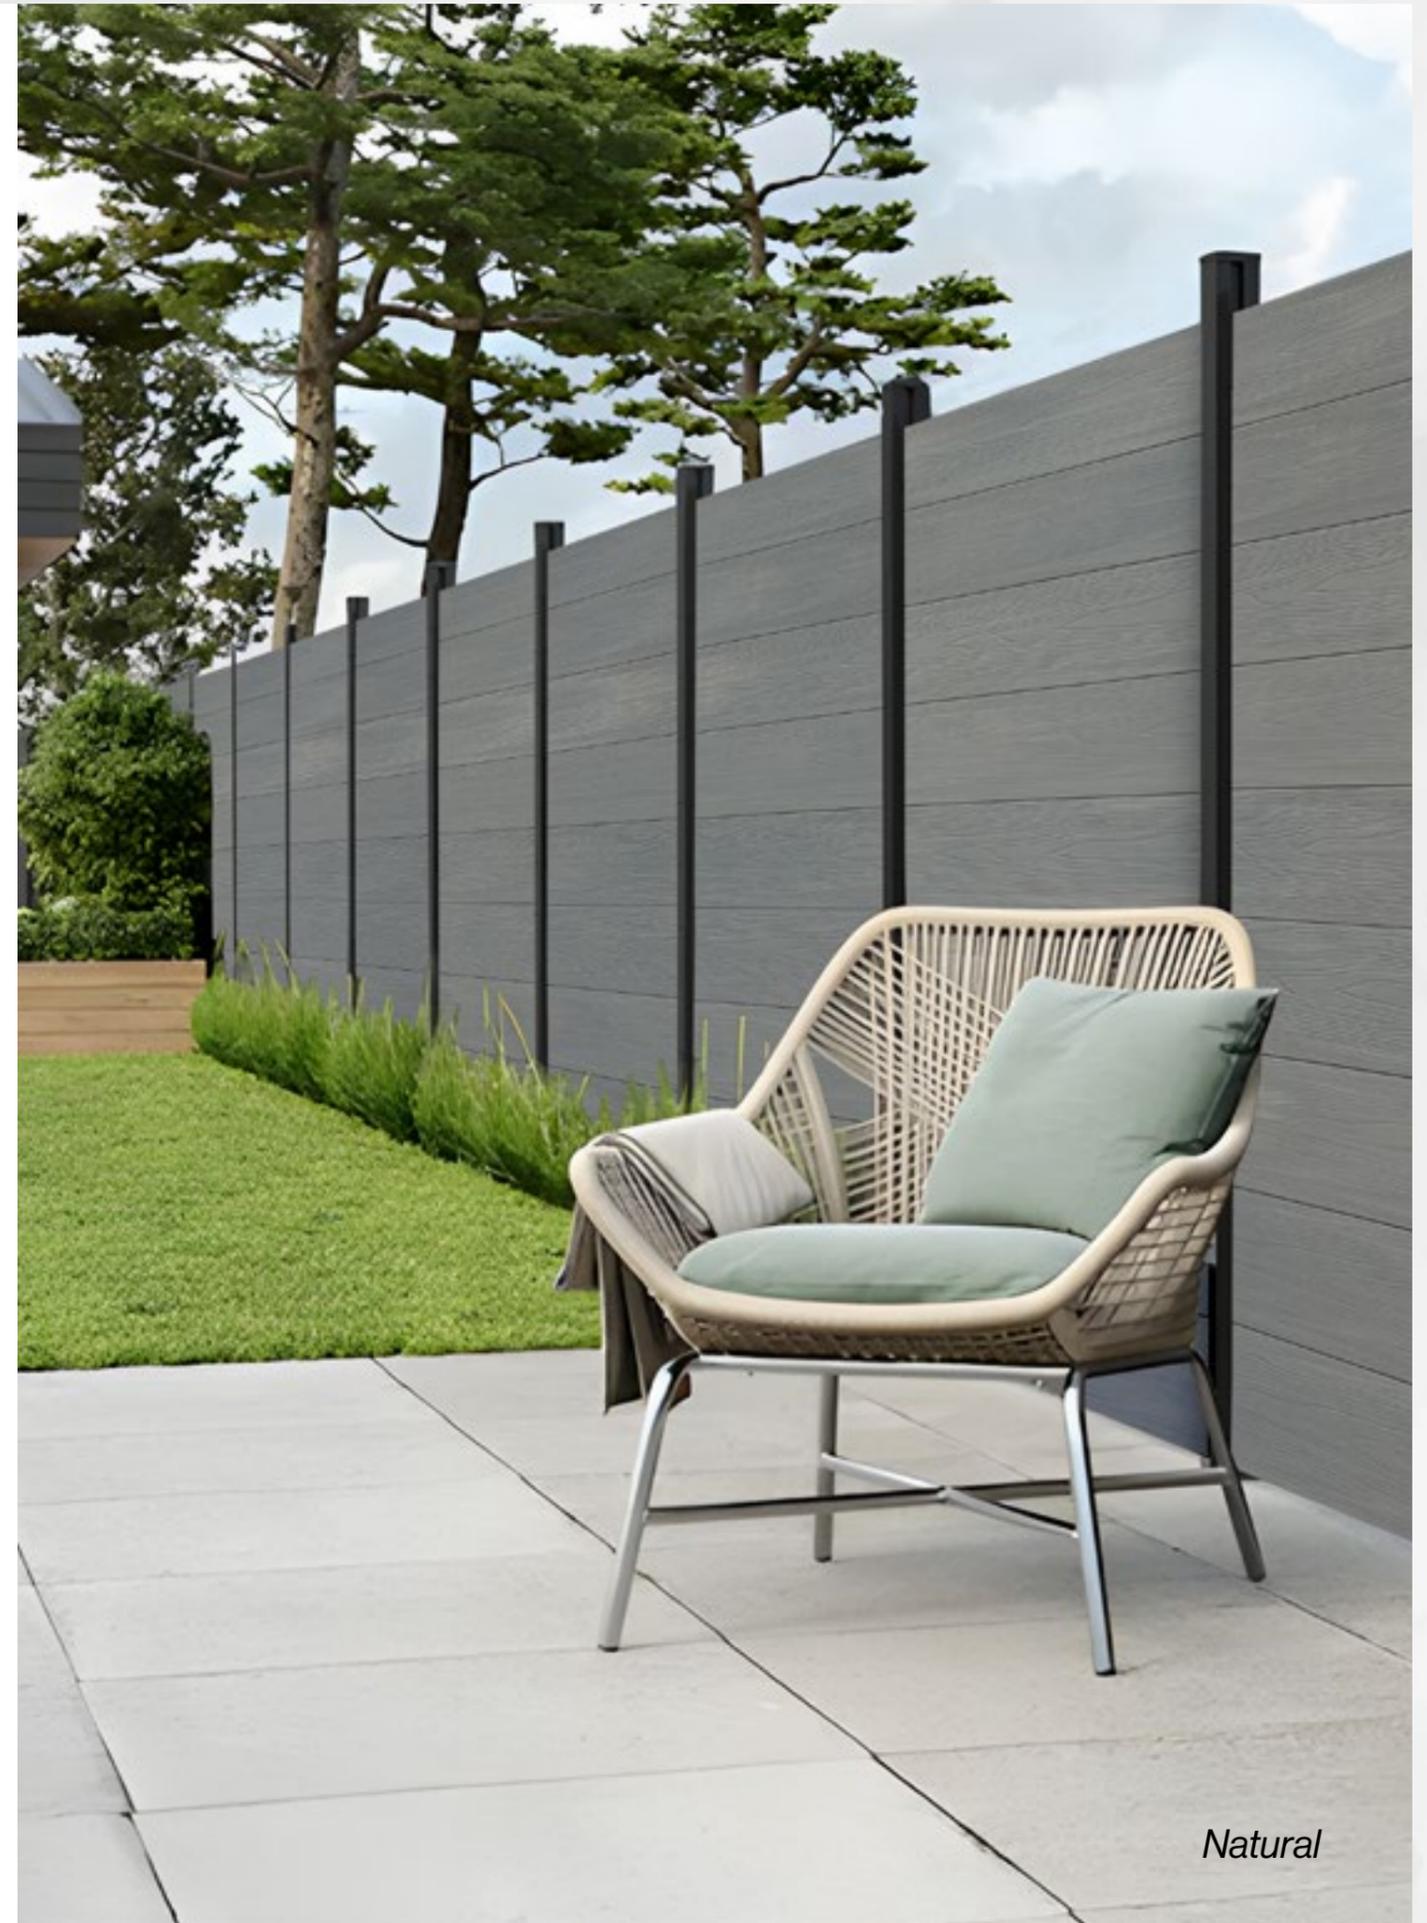

VERSATILE APPLICATION

Suitable for gardens, terraces, commercial spaces, and more, our composite fencing adapts effortlessly to a wide range of outdoor environments.

IMPROVED VENTILATION

Designed with intentional spacing, our fencing allows better airflow while maintaining privacy and style.

OUTDOOR TILES

Discover the perfect blend of durability and design with our outdoor tile collection. Crafted to withstand the elements, these tiles offer long-lasting performance in all weather conditions—ideal for patios, pathways, terraces, and more. With a wide range of textures, finishes, and natural tones, they provide a stylish foundation for any outdoor project.

Designed for the trade and trusted by professionals, our tiles are easy to install, low-maintenance, and slip-resistant—making them a practical choice for both residential and commercial settings. Whether you're creating a modern garden retreat or a sleek outdoor dining space, our range delivers both function and flair.

SLIP RESISTANT

Built for outdoor use, even in wet conditions.

TRADE-GRADE DURABILITY

Designed for heavy foot traffic in both residential and commercial projects.

STYLISH FINISHES

Available in a variety of tones and textures to suit any outdoor aesthetic.

County Crema

L900 x W600 x T22mm TILE6090COCR

Matt 1PCS/CTN

The County Crema Outdoor Matt Porcelain Tiles are a great choice for outdoor areas. These tiles are extremely durable and are resistant to extreme weather conditions. They are also non-slip, so they are a great choice for areas where safety is important. The tiles also have a matt finish, which gives them a stylish and contemporary look. The cream colour ensures that the tiles will blend in with any environment and will look great for years to come.

County Light Grey

L900 x W600 x T22mm TILE6090COLG

Matt 1PCS/CTN

County Light Grey outdoor porcelain tiles offer the natural look of stone with light and dark grey veining. These tiles are perfect for creating a modern, luxurious outdoor space with a touch of country charm. The versatile light grey shade complements various styles, from minimalist to rustic. Made from durable porcelain, these tiles are ideal for high-traffic areas and are easy to clean and maintain, making them a practical and stylish choice for any outdoor update.

County Anthracite

L900 x W600 x T22mm TILE6090COAN

Matt 1PCS/CTN

County Anthracite outdoor tiles are a popular choice for modern homes. The black colour of the Porcelain also contains lighter grey veining blended in exquisitely resembling natural stone will make your garden area eye catching. These outdoor tiles are a stylish way to add a contemporary feel to any outdoor space. County Anthracite tiles are also highly durable and anti-slip, making them ideal for high traffic areas. These outdoor tiles have a matt finishing look which will compliment your outdoor environment making Country Anthracite the perfect tile to fit your design needs.

ACCESSORIES & TRIMS
